Dear Sir:

I am Richard W. Lindsay, owner of a sole proprietorship known as Ocean & Forest Products Company, located at 34 Patterson Lane, Newington, NH 03801.

Ocean & Forest Products is a distributor of sanitary maintenance supplies, chemicals, and equipment. We do not engage in any manufacturing activities.

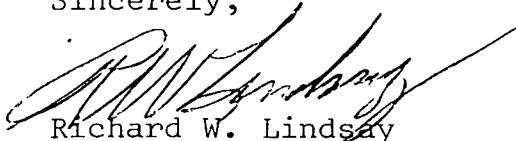

To the best of my knowledge, the Coakley landfill was closed prior to my purchase of Ocean & Forest Products. Since acquiring ownership on September 14, 1982 no materials have been transported to the Coakley landfill, no materials have been accepted for transportation to the Coakley Landfill, and no materials have been caused to be transported to the Coakley landfill by Ocean & Forest Products.

If a permit was issued by the city of Portsmouth to Ocean & Forest Products, and this cannot be confirmed by the city attorney's office at this date, it was issued to B&P Chemicals Inc. D/B/A Ocean Forest Products, whose president was Robert E. Peterson, of 755 Portsmouth Avenue, Greenland, NH, from whom I purchased certain assets and liabilities including the name Ocean & Forest Products Company.

None of my employees was previously employed by Mr. Peterson and have no knowledge of any business carried out when he operated Ocean & Forest Products. I have no knowledge pertaining to any activity of Ocean & Forest Products prior to my purchase of assets and liabilities as I was employed in a number of locations outside of New England for the preceding twenty years.

If I can provide any further information please advise.

Sincerely,

A handwritten signature in dark ink, appearing to read 'R. W. Lindsay', with a long, sweeping horizontal stroke extending to the right.

Richard W. Lindsay
